

RL6:Risk from RL Solutions Receives AHA Endorsement

Adverse events inevitably occur in healthcare. Where organizations set themselves apart is how they choose to learn from their events. To minimize loss and reduce risk, many organizations must first collect, manage and analyze as many near misses and incidents as possible - that's where RL6:Risk comes in. RL6:Risk from RL Solutions is a comprehensive safety, quality and risk management solution that helps healthcare organizations become highly reliable. Our flexible, easy-to-use software helps encourage event reporting, and ultimately reduce the severity of incidents and overall risk.

KEY BENEFITS OF RL SOLUTIONS RL6:RISK

- Capture more near misses

AHA SIGNATURE DUE DILIGENCE PROCESS™

AHA Solutions consults hospital executives and administrators, policy makers, consultants and its advisory committees to identify the operational issues facing the nation's hospitals.

In collaboration with these organizations, AHA Solutions sets strategy, determines selection criteria against market need and assesses relevant products and services through the AHA Signature Due Diligence Process™. This process provides in-depth understanding of the respective marketplace and allows for a deep financial, organizational and product evaluation of endorsement candidates.

When a product or service and the vendor behind it emerges, demonstrating outstanding commitment to health care, dedication to hospitals in their pursuit of excellence and leadership in all selection criteria, AHA proudly awards its exclusive endorsement.

When hospitals select an AHA-Endorsed product or service, they can be confident it has met AHA's highest standards.
